

FIVE DAYS TRAINING ON DAIRY FARMING AS ENTERPRISE

MARCH 05-2012 - MARCH 09,2012

Mastering the art of Dairy farming requires a unified approach to Dairy farm Management as enterprise. Dairy farmers & dairy professionals should be sound in enterprise management skills. LTC in collaboration with KP Agricultural University Peshawar is imparting skills to dairy farmers and Dairy professionals since 2009. This five days training is intended to provide a base for skill development and broadening the vision of Dairy Managers and dairy professionals. The training is practical oriented based on "*leaning by doing technique*".
